

My signature below provides an acknowledgement that I am here today to participate in a foundational session in support of my decision to stop using tobacco. After completing this, I will have the option of scheduling a two-session Stop Smoking Service. It is my intention to stop smoking, and to use hypnosis as a tool to aid me in that decision. I understand that there is no implied or expressed guarantee of results. The fee for today is \$120.00, due today.

Further, I understand that the intervention will include clinical hypnosis with Terry Moore, an Independently Licensed Clinical Social Worker affiliated with Associated Counseling Professionals. The hypnosis portions of the sessions will be audio recorded and that the recording will be provided as a bonus [no additional charge]. I understand that Mr. Moore will make every effort to provide a viable reproduction of the session, but I understand that Terry is not a sound engineer. [CD-R or digital sound file]

Lastly, I understand that the fee for the two-session Stop Smoking Service that Mr. Moore utilizes is \$195.00, and that the full fee is due at the time of the first half of the service. I am responsible for keeping my second appointment, as scheduled.

I understand that if I seek reimbursement through health insurance, managed care, an Employee Assistance Program - or any other third party entity - that transaction is mine alone, and no refunds will be issued by Associated Counseling Professionals.
